ORTON-GILLINGHAM LANGUAGE APPROACH

PRIVATE TRAINING INFORMATION

Book a private Orton-Gillingham Language Approach training for your school or organisation, ensuring exclusive access for your staff.

speech pathology TASMANIA

HOW DOES IT WORK

Benefits

The benefits of a private O-G training include:

- The school/organisation sends 15-30 staff members to the training for a set fee, making it a cost-effective option.
- The training provides a focused, in-depth learning experience designed to meet the specific needs of your team.
- Each participant will receive their own comprehensive O-G tool kit.
- Each participant receives a certificate upon completion, detailing the professional learning hours for their records.

Participant Liaison

We will request participant names prior to the training, and we will manage communication including emails, link access etc.

WE ASK OF YOU:

Catering

The school needs to organise catering for morning teas and lunches. The school covers the catering cost. The school needs to provide tea, coffee and water.

Help with Logistics

You will be asked to provide the venue details for our facilitator (accessible parking, sign-in instructions, and directions to the training room).

The training room needs to accommodate the size of the group, set out with chairs and tables. The facilitator requires the training room to have a whiteboard and markers, and a projector.
